**NEW QUESTION: 1**

Big industries, Inc has the reporting structure depicted below. Is this an acceptable reporting structure for forecasting in CRM on Demand?

- A. Yes, because every participant at the lower level has a manager.
- B. Yes, because all reporting structure combinations are allowed
- C. Yes, because all participants at the top of the structure have subordinates.
- D. No, because there is more than 1 participant at the top of the structure.
- E. Not enough information

**Answer: D**

## Explanation:

The reporting structure determines whose records the managers can access. It also determines whose data is included in calculations for forecasting as well as reports for managers and executives.

Participants in forecasts are chosen by role. Your company's reporting structure, and the roles you choose for the forecast participants must be set up so that the participants roll up to one top-level user. Typically this top-level user is a company vice-president or chief executive officer (CEO).

**NEW QUESTION: 2****Answer:**

## Explanation:

See explanation below.

## Explanation

We create a VPN gateway.

## Step 1:

On the left side of the portal page, click + and type 'Virtual Network Gateway' in search. In Results, locate and click Virtual network gateway.

## Step 2:

At the bottom of the 'Virtual network gateway' page, click Create. This opens the Create virtual network gateway page.

## Step 3:

On the Create virtual network gateway page, specify the values for your virtual network gateway.

Gateway type: Select VPN. VPN gateways use the virtual network gateway type VPN.

Virtual network: Choose the existing virtual network VNET01-USEA2

Gateway subnet address range: You will only see this setting if you did not previously create a gateway subnet for your virtual network.

## Step 4:

Select the default values for the other setting, and click create.

The settings are validated and you'll see the "Deploying Virtual network gateway" tile on the dashboard.

Creating a gateway can take up to 45 minutes.

Note: This task may take a very long time to complete. You do NOT need to wait for the deployment to complete this task successfully.
