You take the initiative.

NEW QUESTION: 1

An IT organization has hired you as a cloud architect to assist them in planning for cloud services. Your first goal is to help the IT organization categorize existing services against service characteristics. You have provided a table that shows common service characteristics and their attributes for considerations, benefits, and trade-offs.

The following attributes from the table have been identified:

*

Consideration: bundling services increases complexity

*

Benefit: replaceable components, improved recovery from failure

*

Trade off: very finite capability

What characteristics correspond to the identified attributes?
