#### **NEW QUESTION: 1**

A user has created a launch configuration for Auto Scaling where CloudWatch detailed monitoring is disabled. The user wants to now enable detailed monitoring. How can the user achieve this?

- A.** The user should change the Auto Scaling group from the AWS console to enable detailed monitoring
- B.** Update the Launch config with CLI to set InstanceMonitoringDisabled = false
- C.** Update the Launch config with CLI to set

InstanceMonitoring.Enabled = true

D. Create a new Launch Config with detail monitoring enabled and update the Auto Scaling group

**Answer: D**

Explanation:

CloudWatch is used to monitor AWS as well as the custom services. To enable detailed instance monitoring for a new Auto Scaling group, the user does not need to take any extra steps. When the user creates the Auto Scaling launch config as the first step for creating an Auto Scaling group, each launch configuration contains a flag named InstanceMonitoring.Enabled. The default value of this flag is true. When the user has created a launch configuration with InstanceMonitoring.Enabled = false it will involve multiple steps to enable detail monitoring. The steps are:

- . Create a new Launch config with detailed monitoring enabled
- . Update the Auto Scaling group with a new launch config
- . Enable detail monitoring on each EC2 instance

## **NEW QUESTION: 2**

Mathew ascended three flights of stairs--passed half-way down a long arched gallery--and knocked at another old-fashioned oak door. This time the signal was answered. A low, clear, sweet voice, inside the room, inquired who was waiting without? In a few hasty words Mathew told his errand. Before he had done speaking the door was quietly and quickly opened, and Sarah Leeson confronted him on the threshold, with her candle in her hand.

Not tall, not handsome, not in her first youth--shy and irresolute in manner--simple in dress to the utmost limits of plainness--the lady's-maid, in spite of all these disadvantages, was a woman whom it was impossible to look at without a feeling of curiosity, if not of interest. Few men, at first sight of her, could have resisted the desire to find out who she was; few would have been satisfied with receiving for answer, She is Mrs. Treverton's maid; few would have refrained from the attempt to extract some secret information for themselves from her face and manner; and none, not even the most patient and practiced of observers, could have succeeded in discovering more than that she must have passed through the ordeal of some great suffering at some former period of her life. Much in her manner, and more in her face, said plainly and sadly: I am the wreck of something that you might once have liked to see; a wreck that can never be repaired--that must drift on through life

unnoticed, unguided, unpitied--drift till the fatal shore is touched, and the waves of Time have swallowed up these broken relics of me forever.

This was the story that was told in Sarah Leeson's face--this, and no more. No two men interpreting that story for themselves, would probably have agreed on the nature of the suffering which this woman had undergone. It was hard to say, at the outset, whether the past pain that had set its ineffaceable mark on her had been pain of the body or pain of the mind. But whatever the nature of the affliction she had suffered, the traces it had left were deeply and strikingly visible in every part of her face.

Her cheeks had lost their roundness and their natural color; her lips, singularly flexible in movement and delicate in form, had faded to an unhealthy paleness; her eyes, large and black and overshadowed by unusually thick lashes, had contracted an anxious startled look, which never left them and which piteously expressed the painful acuteness of her sensibility, the inherent timidity of her disposition. So far, the marks which sorrow or sickness had set on her were the marks common to most victims of mental or physical suffering. The one extraordinary personal deterioration which she had undergone consisted in the unnatural change that had passed over the color of her hair.

It was as thick and soft, it grew as gracefully, as the hair of a young girl; but it was as gray as the hair of an old woman. It seemed to contradict, in the most startling manner, every personal assertion of youth that still existed in her face. With all its haggardness and paleness, no one could have looked at it and supposed for a moment that it was the face of an elderly woman. Wan as they might be, there was not a wrinkle in her cheeks. Her eyes, viewed apart from their prevailing expression of uneasiness and timidity, still preserved that bright, clear moisture which is never seen in the eyes of the old. The skin about her temples was as delicately smooth as the skin of a child. These and other physical signs which never mislead, showed that she was still, as to years, in the very prime of her life.

Sickly and sorrow-stricken as she was, she looked, from the eyes downward, a woman who had barely reached thirty years of age. From the eyes upward, the effect of her abundant gray hair, seen in connection with her face, was not simply incongruous--it was absolutely startling; so startling as to make it no paradox to say that she would have looked most natural, most like herself if her hair had been dyed. In her case, Art would have seemed to be the truth, because Nature looked like falsehood. What shock had

stricken her hair, in the very maturity of its luxuriance, with the hue of an unnatural old age? Was it a serious illness, or a dreadful grief that had turned her gray in the prime of her womanhood? That question had often been agitated among her fellow-servants, who were all struck by the peculiarities of her personal appearance, and rendered a little suspicious of her, as well, by an inveterate habit that she had of talking to herself. Inquire as they might, however, their curiosity was always baffled. Nothing more could be discovered than that Sarah Leeson was, in the common phrase, touchy on the subject of her gray hair and her habit of talking to herself, and that Sarah Leeson's mistress had long since forbidden every one, from her husband downward, to ruffle her maid's tranquility by inquisitive questions. In context, the word "inveterate" in the last paragraph most closely means

- A. positively unacceptable.
- B. a particularly bad.
- C. rude.
- D. something only present in vertebrates.
- E. occurring over a prolonged period.

**Answer: E**

Explanation:

An inveterate habit is one occurring over a prolonged period of time. This is an important detail as it delineates a time frame for Sarah's life-changing event.
