NEW QUESTION: 1

You are planning to use AWS Config to check the configuration of the resources in your AWS account. You are planning on using an existing IAM role and using it for the AWS Config resource. Which of the following is required to ensure the AWS Config service can work as required?

Please select:

- A.** Ensure that there is a trust policy in place for the AWS Config service within the role
- B.** Ensure that there is a grant policy in place for the AWS Config service within the role
- C.** Ensure that there is a user policy in place for the AWS Config service within the role
- D.** Ensure that there is a group policy in place for the AWS Config service within the role

Answer: A

Explanation:

Options B,C and D are invalid because you need to ensure a trust policy is in place and not a grant, user or group policy
