NEW QUESTION: 3
As a project manager, you recognize the importance of actively
engaging key project stakeholders on a project. You have
prepared an analysis of your stakeholders early in your project
and classified them according to their interest, influence, and
involvement in your project.
You want to now_____
A. Determine the urgency that each stakeholder requires when he
or she requests information about the project
B. Assess stakeholder legitimacy
C. Focus on each stakeholder's power relevant to the project
D. Focus on relationships necessary to ensure success
Answer: D
Explanation:
Explanation/Reference:
Explanation:
The project manager has limited time on a project, and his or
her time should be used as efficiently and effectively as
possible. Therefore, by performing a stakeholder analysis, the
project manager can identify the stakeholder relationships that
can be leveraged to build coalitions and potential partnerships
to enhance project success and to determine relationships that
need to be influenced differently at different stages of the
project or phase
